

Firesong (Danaan Legacy) (Volume 2)

Having survived a harrowing journey to a new homeland, Lissy is introduced to the wonders of her surroundings. While discovering new acquaintances and places she didn't believe existed, Lissy decides to stretch her wings and determine who she is when not hiding in shadows. Danger has been part of Lissy's life for as long as she can remember. She is tired of being saved--of being the damsel in distress. Lissy implores her latest guardians for a chance to learn how to help protect herself and others. Not understanding their hesitation, Lissy hopes her new acquaintances will support her attempts to become more independent as well as to assist her efforts in finding out more about her parents' disappearance. Even with Lissy's frustration that Strixy, the snowy owl, has been blocking her attempts to communicate, Lissy discovers other abilities and knowledge, some of which are terrifying. Will Lissy dare follow the burning desires of her heart though severe anguish is foretold? Will the fire under the mountain or the flames of her foes destroy her?
