

Ruled: A Tor.Com Original (Birthmarked series)

The bracelet sits in his pocket, patiently waiting to be slipped around Gaias wrist. Leon needs to see her again. He finds out that Gaia is delivering a baby in the village, and he makes the trip to visit the sixteen-year-old midwife-only to find that the birth is not going too well. The bracelet-and what it means to the both of them-will have to wait. This short story takes place during the time between the second book in the Birthmarked trilogy (Prized) and the final book (Promised) and offers a rare glimpse into the mind and heart of Leon Grey.
