

Reading Russian Workbook for Children: Total Beginner (Russian Step By Step for Children)

Whether your child already speaks Russian but needs to learn to read it or has no knowledge of the Russian Language and wants to start - Reading Russian for Children can help you with that. Based on our bestselling Reading Russian Workbook for adults, in this book we kept 90% of the content but adapted it to the children ages 6+. The vocabulary has been adjusted (milk instead of beer, etc.) and we added a child-friendly cover too! Many schools and language tutors use this book to teach school-aged children to read Russian. Upon completion of this book the children will be able to sound out all the words in Russian and will learn some basic Russian grammar and vocabulary.
