

The Mens Code of Honor: 66 Principles That Make a Man

Recommended by a three-star general and 15-year veteran of the Delta Force: I really like Dan Stradford's book. I have led men in the toughest of situations on the battlefield and in life. Without a personal code, they can weaken and buckle when the hard decisions come because they have not already made a personal commitment to be honest, take responsibility, or do the right thing. The Mens Code of Honor lays bare why men who live with honor have richer, more satisfying lives. It shows how to walk that path and be the man who others respect and rely on. Read it. Give it to the men in your life and the women who want to understand and support them. It's the gift that will last a lifetime. Lt. Gen. William Jerry Boykin (Retired), Former Commander, U.S. Army Special Forces, Founding Member of Delta Force, author of *Never Surrender: A Soldier's Journey to the Crossroads of Faith and Freedom*
