

Truth (Orca Soundings)

When an adult neighbor is brutally murdered during a high-school house party, everyone in school seems to have an idea who did it, but no one will go to the police. Jen was there and saw the body and she has her own ideas about who is responsible. As a reporter for the school TV show, she decides to try and uncover the truth and discover if a classmates increasingly violent behavior is to blame. When she and others begin digging too deeply, violence flares in the small community. Finally, Jen is forced to take a stand, one that may cost her more than she could imagine.
