

Unfolding in Love: Poems of Discovering The Beloved

Have you ever fallen in love and thought that what you're feeling is all about the other person? This short collection of poems explores the realization that falling in love is an inside job. What if the love you are feeling is not only coming from your own reflection, but its ultimate source is All There Is, the Beloved. With intimacy, insight and sometimes humor (Encounter with Love), the author shares her inner awakenings and, with an unspoken invitation, beckons you to discover who/what is unfolding in love.
